

Malha to Malha.

Living with Griffin
at the Garden. He is
cultivating the vegetable
fruits & garden - I have
cultivated down & cleared
the trees - it is a large
place - I have planted
many of the plants - I have
all the state of the
labor - I have a good
day till very thick in
the morning for the eyes to
see what I can do.

rest on. It is as to be
compared except in order
and its tropical trees
with the Sahampoor
Garden.

Griffin is as to improve
the garden - I have
seen the garden - and he
has heard from
I am glad to be.
